WORK EXPERIENCE

I am a beginner frontend developer, recently graduated from a frontend development program, looking for an opportunity to start a new position in a company where I can apply my knowledge and skills, develop and contribute to projects.

My motivation is to create quality websites that provide user experience, efficiency, and satisfaction. I am ready to take on a challenge and contribute to your company and grow professionally.

I do not stop there, and actively study React.js

MY PET-PROJECT EXAMPLES

[Filmoteka](#) - JavaScript, HTML, SCSS.

[3D-model](#) - JavaScript, HTML, SCSS.

[Ice Cream](#) - JavaScript, HTML, SCSS.
